SUBJECT : **NATIONAL PLANNING OFFICERS CONFERENCE**

DATE : July 28, 2016

The Department of Education has achieved major gains through its various reforms and initiatives in ensuring that every Filipino learner has access to quality basic education. With the first batch of Senior High School students this school year, DepEd is in full implementation of the K to 12 Program which equips learners with 21st century skills. Furthermore, the improved DepEd organizational structure through its Rationalization Plan will lead to a more effective and efficient delivery of basic education services. This has resulted to new systems and processes to further improve the delivery of functions at the same time making the services more relevant and appropriate to emerging needs.

Effective and efficient planning process is crucial in sustaining the gains of instituted education reforms. While the planning units across all levels have significantly contributed to the gains of the Department, it is important to align and enhance the processes to make it more relevant to the key priorities and thrust. Also, planning units play an important role in facilitating the collaboration and synergy with various offices in DepEd in ensuring that our plans, policies, programs, and projects are aligned with the vision, mission, and core values. Thus, it is imperative to harmonize systems and processes across all governance levels for a more improved delivery of their respective functions.

In this light, the Planning Service will organize the **National Planning Officers Conference** on **August 16-18, 2016** in **Cebu City** (exact venue to be announced later), which aims to:

1. Provide updates on the state of basic education, Sustainable Development Goals (SDG) commitments, and accomplishments on the implementation of education policies, programs, and projects;
